Gabriella (Gabby) Salek is an Intellectual Property associate and a member of the firm's IP Litigation Practice Group. Before joining Foley, Gabby was a judicial extern for the U.S. District Court for the Northern District of Illinois and a 1L research fellow at Chicago-Kent College of Law. Her research focused on global policies for the development of artificial intelligence (AI) to study the current state of AI as related to intellectual property law. She also served as a student consultant for the Washington University School of Law's Interdisciplinary Environmental Clinic. During law school, Gabby worked as a summer associate at Foley.
